

The VOICE of FARMWORKER JUSTICE is not being heard by SENATOR STACHOWSKI !

Vigil on Friday, May 14 at noon

Join us as we march to the Senator's office to urge him to support the Farmworker Fair Labor Practices Act

[We will gather in the parking lot of the Value Home Center, 71 S. Rossler Ave. Buffalo, NY 14206 (near Clinton St.) and then march over to the Senator's office.]

Imagine being denied a:

- **Day of Rest**
- **Overtime Pay**
- **Disability Insurance**
- **Protection while bargaining collectively**

Did you know that farmworkers have been excluded from these rights since the 1930's?

Did you know that Senator Stachowski at the recent Agriculture Committee meeting spoke against giving New York's farmworkers basic human rights and then the Committee voted to kill the Bill?
